

Summary

Paper 2 - 2.3 Responding to global climate change

Subject	Year	Start date	Duration
Geography	IB1	Week 3, March	2 weeks

Course Part

Paper 2 - 2.3 Responding to global climate change

Description

The core theme provides an overview of the geographic foundation for the key global issues of our time. The purpose is to provide a broad factual and conceptual introduction to the geography of population dynamics, climate change and resource consumption issues.

The content is underpinned by the four key concepts of the course: places, power, processes and possibilities. Each unit examines issues at different scales from local to global, as well as the interaction between different places.
